

# Primary student use of mobile phones and personal devices

## Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

## Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours
- Health reasons e.g. diabetes

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

## Storage of personal devices

At the beginning of the school day at 8.50am students who need a device (see above) on site will hand their devices to their class teacher who will put it in a named zip locked bag. This will then go to the front office where it will be stored in a locked filing cabinet. At the end of the day the student will come to the office to claim their device.

Alternatively, a student may wish to bring their device directly to the front office before the 8.50am bell.

## If the student does not comply

Leadership will be informed who will call parents/ carers to discuss actions. After discussion phone will be placed in the filing cabinet until picked up from parents/ carers.
